DAVID KELLER, D.M.D.
PERIODONTIST

PAYMENT IS DUE IN FULL UPON SERVICES RENDERED

If you have insurance coverage, our staff will calculate your estimated portion for services rendered. We can not, however, be responsible for actual payment made by your insurance carrier. You are required to make payment of your full estimated responsibility upon services rendered. After payments are received from your insurance carrier, you may be required to make additional payments or have a credit issued to you.

FINANCIAL POLICY

At Dental Associates, payment or financial arrangements are expected at the time of service. To help our patients meet their financial obligations, we offer a variety of payment options.

We are pleased to offer CareCredit to our patients. CareCredit is the leader in patient/client financing, and has helped more than one (1) million patients get treatment. With a comprehensive range of plan options, CareCredit offers a low monthly payment to fit comfortably into almost every budget. For patients requiring more time to finance and complete their treatment plans, CareCredit can be used to stretch a payment plan beyond 12 months at a low fixed interest rate. With CareCredit, you can obtain financing from \$1,000 to \$25,000.

For our patients who have no dental insurance benefits, we offer an in-house dental plan to help with the routine costs of dentistry. Our Dental Associates Plan (DAP Plan) is available to our patients. The DAP Plan covers all diagnostic, consultation, and hygiene procedures. The DAP Plan is available as an individual plan or as a family plan. The DAP Plan also allows a ten percent (10%) discount on all patient services.

We accept a number of dental insurance benefit plans. Patient co-payments are expected at time of service.

WE REQUIRE 24 HOUR NOTICE TO RESCHEDULE APPOINTMENTS, A CHARGE OF \$50.00 WILL BE APPLIED TO YOUR ACCOUNT FOR BROKEN OR MISSED APPOINTMENTS.
